## Description payslip

**FLEX OPLOSSINGEN WAAR JE BLIJ VAN WORDT** 

Nr.	ltem	Description
1	Medew. nr	Every employee is given a unique number. Under this number, you are known to Flexpedia.
2	Geb. datum	Your date of birth is listed here.
3	Byz.tar %	Special rate percentage. Percentage of payroll tax which is applied to special remuneration; such as holiday pay. This percentage depends on the previous year's annual wage. For example, if the special rate percentage is 33.50% and your gross holiday pay is €100, you will be paid €66.50 net (33.50% of €100 will be withheld as tax). This tax is imposed from the government and applies to every employee in the Netherlands.
4	Vest	The number of the branch you fall under.
5	Wrm	Working company number, also called payroll company. If you work in Phase 1 or 2 and perform production-related work, you fall under Wrm 2, if you work in Phase 3 or 4 you fall under Wrm 4. If you perform administrative work, you fall into wrm 1 (Phase 1 or 2) or wrm 3 (Phase 3 or 4).
6	Pns	In this box, you can see whether you accrue pension yes or no.
7	Min. vakgeld	The statutory minimum holiday pay in percentage.
8	Min. uurl.	The legal minimum hourly wage for your age.
9	Periodeloon	Only if remuneration is at a fixed salary per period (regardless of the number of hours worked) will there be a value here. As a temporary worker, you are always paid at an hourly rate and this box will therefore show 0.00.
10	Dlt%	If you hold a part-time position, the part-time (dlt) percentage will be listed here. Suppose you make 20 hours, 50% will be listed here.
11	Datum indienst	Date of employment.
12	Datum uitdienst	Date of exit.
13	Functie	Function you perform, should you perform more than one function in a week, more one will be listed.
14	Loonbeslag saldo	If Flexpedia is required (by the government) to apply wage garnishment to your wages, the amount outstanding in wage garnishment will be listed here.

10	PC coldo	If your not now compare out negative (a a due to an adjustment) the negative
15	RC saldo	If your net pay comes out negative (e.g. due to an adjustment), the negative
		amount will be listed in this box (RC = Current Account), at the next payroll,
10		this amount will be offset against your net pay.
16	Bijtelling auto saldo	If you use a company car, this will show the amount that has been
		deducted to date in tax addition car.
17	Bijdrage auto saldo	If you use a company car, the amount deducted to date for own
		contribution car is shown here. This amount is automatically offset against
		the car's fiscal addition.
18	Adresgegevens Flexpedia	Here are the address details of your employer (Flexpedia).
19	Reserveringen	"reservation%"; This is the percentage reserved per hour booked in. Broken
		down by "vakantiegeld", "vak.dgn", "fst.dgn", "kort verz." and possibly "atv"
		and "tvt" (time for time). "deze periode"; Overview of the, in the period to
		be remunerated, accrued reserves (using the percentages). Depending on
		the phase, "vak.dag", "fst.dgn", "kort verz." and "atv" will be listed in hours
		or in amounts (Phase 1/2 in amounts, Phase 3/4 in hours). "cumulatief";
		Summary of accrued reserves minus the current year's withdrawn reserves.
20	Week	Week to which the hours and other claims relate.
	Project	Project number (used by Flexpedia) to which the hours and other claims
		relate.
	Run.	Number of the statement; a run number is automatically assigned to each
		statement.
	Wubnr.	Number of the entered job sheet; is automatically assigned.
21	SVW dagen	Number of days (both days worked and other days (e.g. Leave, Holiday).
	Gewerkte dagen	Number of days worked.
22	Normale uren	The 100% hours worked, without allowance. These are multiplied by the
	Overuren	hourly wage.
		You will receive an extra allowance over these hours, e.g. for hours worked
		in shifts or overtime. Travel hours may also be listed here.
23	Uitbetaald vakantiegeld	Does the temporary worker not reserve holiday pay? But is this paid out
	Uitbet. bovenwet verlof	immediately? Then the amount paid out in holiday pay is shown here.
		Does the temporary agency worker not reserve any holidays in excess of
		the statutory entitlement? But is this paid immediately? Then this is the
		amount paid out in holiday pay.
24	PAWW vergoeding	The percentage deducted from gross pay for the temporary worker's
	PAWW premie	supplementary WW and WGA insurance. The employee also receives this
25	Inhoudina Plusreaelina	The percentage deducted from gross pay for the temporary worker's Plus
	<u>.</u>	
24 25	5 5	supplementary WW and WGA insurance. The employee also re- deduction back. The client ultimately pays for this.

26	Loonheffing	This is a combination of two amounts you pay on your wages: withheld wage tax and national insurance contributions. The withheld wage tax is paid by Flexpedia to the tax authorities.
27	Netto	Total amount of net pay.
28	Zorgverzekering	The amount deducted from the gross pay for the health insurance the temporary worker has with Flexpedia through <u>Zorg en Zekerheid</u> .
29	Inhouding WHK flex/vast	As an employer, Flexpedia is obliged to pay WHK (Werkhervattingkas) premium. Flexpedia may deduct 50% of this premium from the temporary worker.
30	Totaal Netto Is overgemaakt op	The total net amount transferred. Bank account number and date the net amount was transferred.
31	Overzicht premies	In this table, you will find the sum of the amounts of wages, contributions, surcharges and deductions of the period to be remunerated ("deze periode") and a sum of the amounts of wages, contributions, surcharges and deductions of the current year ("cumulatief").

**flex**pedia

NB: Descriptions of days, hourly types and claims/reimbursements may be different on your own payslip.
